SCHOOLS CONFIRMED FOR TUESDAY'S CAREER FAIR

Fairmont State University-College of Liberal Arts, College of Science & Technology, and Admissions, WVU Tech-Beckley, Potomac State College, Ohio Valley College, WVU School of Medicine, WVU Statler College, WVU College of Law, WVU Pharmacy, WVU Tech, WVU College of Business & Economics, WVU Admission, WVU ROTC, West Virginia Wesleyan, Bridgewater College, Concord University, Waynesburg University, Berea College, Marshall University, Davis and Elkins, Alderson Broaddus, West Liberty University,

Tips for Attending a College Fair

- DO ask about the institution's timeline for admission, when to apply, and what all is needed to apply for admission.
- DO ask if the program or college you are interested in pursuing is a direct admit program, or requires an application process that is different from admission to the institution.
- DO ask what type of scholarships are available and the requirements for the scholarships.
- DO inquire as to whether or not a separate application is required... AND ask about the timeline for the process.
- DO NOT ask an institution if their "__(Insert Major Here)___ program is good." INSTEAD, ask them "What is unique about your __(Insert Major Here)___ program."
- DO NOT ask an institution what their 'minimum' admission requirements are. INSTEAD, ask them what their AVERAGE admitted student GPA is, as well as what their average ACT/SAT scores has been in the past.
- DO ask for contact information, and DO follow up with them within a week or two. Introduce yourself and thank them for taking the time to speak with you.

- DO NOT ask an institution what their 'minimum' admission requirements are. INSTEAD, ask them what their AVERAGE admitted student GPA is, as well as what their average ACT/SAT scores has been in the past.
- DO ask for contact information, and DO follow up with them within a week or two. Introduce yourself and thank them for taking the time to speak with you.
- DO ask about campus visit opportunities, when they are, what you can see, and if individual appointments are available, or if they only do group tours/visits.
- DO ask about what their campus is like, how many students attend, how many students live on campus vs. off campus, the types of residence hall accommodations, and what the on campus housing requirement is for new students.
- DO NOT ask if a school is a 'party school', INSTEAD, ask them what weekends are like on their campus, and if many students stay on campus over the weekend, or if they tend to go home.

Ryan Cox

200 Pound Extreme Weight Loss Success, Personal Trainer, Wellness, and Weight Loss Expert

As a kid growing up in Morgantown, WV I was always a little bigger than my classmates. But eventually my weight issue started to spiral out of control. During my junior year at WVU, I tipped the scales at 400 pounds. I made various excuses for my excess weight like stress at being in college. The deeper truth was I needed to take better care of myself before it was too late.

After months of being down on myself I made a decision. It was an "ah-ha" moment. On a normal day in December, my extraordinary journey began. I continued to focus daily on becoming a stronger healthier, and happier person. Extreme weight loss is a true test of mental and physical toughness. Throughout my journey I tore down and rebuilt habits, became mindful of my diet, and pushed my body to levels I once believed impossible.

Now, I use my story and transformation to promote the benefits for an active and healthy lifestyle to others. I am proof that change is possible.

Ryan Cox as a child

Then and Now

Edward Jones

MAKING SENSE OF INVESTING

Community Involvement

Commitment to Community

When we say we're an active part of the communities we serve, we really mean it. Charitable organizations such as the United Way, Susan G. Komen® for the Cure, the American Heart Association and many others benefit from the generosity of our associates year after year. We donate, walk, ride, run and sponsor fellow associates, clients, family members and general causes.

A dedication to community involvement is one way Edward Jones gives back to communities. Throughout each year, we do this through local food, toy and blanket drives.

Edward Jones Investing has donated a total of \$4500 for the operations of ALMBS. Each of the Edward Jones offices noted on the back of your ALMBS Manual contributed \$300 each to Mountaineer Boys State.

Tom Kliethermes

“As an Edward Jones financial advisor, I believe it’s important to invest my time to understand what you’re working toward before you invest your money. It's also important to understand the level of risk you're comfortable accepting when investing so we can balance it with the steps necessary to reach your long-term goals.”

Debbie Newbrough

- Studied Accounting at Fairmont State University
 - Went to Lewis County High School
 - Lives in Weston, West Virginia
 - Married

ALMBS thanks Edward Jones Investing for all their financial support. ALMBS depends on the generous financial support from any and all corporate sponsors.

Athletic Results (Monday)

Session 1

Cottage 1	Cottage 2	Sport	Score	Winner
Braxton	Kanawha	Volleyball (Sand)		Braxton

JEREMY UPTON

Men of Tomorrow

Written by Roy Lee Harmon – Music by Margaret Nicely Leidig

VERSE

Some day the State we love will call for leaders strong and bold
To solve the problems great or small and we'll be enrolled
For service to our fellowmen, and we won't be afraid,
We're training now for service, then we'll lead the big parade.

CHORUS

Oh, we're the . . .
Men of Tomorrow, we march along in happy ranks today.
We never borrow a bit of care or grief along the way.
Gladly we're learning the things a good American should know.
Gladly we're yearning to chart the way a patriot should go.
 With lessons done, objectives won
 Good citizens we'll be;
 We'll proudly stand in our home land
 When Mountaineers are free,
Men of tomorrow, good fellowship each one of us enjoys,
Men of tomorrow . . . a group of all American boys.
