He was well received by the Citizens once again this year. He told the citizens that it was up to the young people of this state to help prepare for a better future.

CITIZENS OF CALHOUN COUNTY
VS.
MONROE COUNTY COMMISSION

This case's decision ruled that Calhoun County has no right or privilege to bill citizens of Boys' State or anyone else, for that matter, for the use of the tennis or basketball courts located behind their cottage. Furthermore, all cottages, past, present, or future, being billed for use of said courts will be free from responsibility of this bill and reimbursed if necessary. Calhoun County citizens, while still in possession of the right to use the courts, will no longer be permitted to post bills concerning use of said courts.

This decision was made on the grounds that nowhere in the Boys' State Manual of Government is there a law that gives possession of said courts to Calhoun County. Also, a signed affidavit from an administrator granting possession of a recreational area is insignificant in that there is no law that states its significance in the Manual of Government.
