## HECHLER SPEAKS AT ASSEMBLY

Secretary of State Ken Hechler was the guest speaker at the assembly on Monday night. Secretary Hechler educated and entertained the citizens of Boys State with several songs he has written about West Virginia. In his song "Stand Up For West Virginia", Secretary Hechler added a couple of stanzas about the mountain top removal method of coal mining. He was joined by George Daugherty, "The Earl of Elkview".

Secretary Hechler has one of the longest and most successful political track records in West Virginia history, having served several years as Congressman and is now in his third term as Secretary of State.

Secretary Hechler is a veteran of World War II and is the author of The Bridge At Remagen, the true story of the Allie's first crossing of the Rhine River into the interior of Germany, which signaled the beginning of the end for Hitler's Nazi regime. The book was later made into a film by the same name. Hechler later served as an aid to Presidents Franklin Roosevelt and Harry Truman.

Mountaineer Boy's State salutes Ken Hechler as a veteran, as a leader in state government, and as a true and loyal friend of the youth of West Virginia. *Montani Semper Liberi, Ken.*

# Mountaineer Country

Eighteenth century pioneer forts bring to life the harsh realities of the nation's push west. A covered bridge in the small town of Philippi marks the site of the first land battle of the Civil War. In towns and cities around the region, the legacy of nineteenth and twentieth

Amid the beautiful mountains and valleys of the seven county region that composes West Virginia's Mountaineer Country, you can discover several Americas.

century waves of European immigrants who came to mine the coal, lay the railroads, cut the timber and build vast factories remains. Their history,

arts, customs and cuisines are all part of the fabric of life in Mountaineer Country.

The latest pioneers came in the late 1960s, ready to enjoy the land itself—mountain bikers, hikers, rafters, rock climbers and nature lovers who continue to explore and enjoy the mountains, rivers, lakes and trails of this region.

## Going to Town

Urban settlement began early on, as well. The Morgan family, credited with being the first Europeans to settle Western Virginia, moved across the mountains to establish roots in what is now Morgantown. By 1785, the town was chartered and functioning as a county seat.

Today, Morgantown is best known as the home of West Virginia University. When the WVU Mountaineers play at home in the fall, the state's attention is riveted on the 70,000 seat Mountaineer Field. In the winter, the WVU Coliseum attracts basketball worshipers.

A full calendar of cultural events and activities at the Mountainlair and the Creative Arts Center serve the university community and visitors as well. The Creative Arts Center is home to West Virginia Public Theatre, producing a series of Broadway favorites and popular performances each summer. For a taste of old-time culture, visit the 19th century Cook-Hayman Pharmacy Museum on the WVU Medical Center grounds.

The University also is a destination for meetings and conventions. WVU maintains a fully staffed conference center providing full support services for meetings up to 1,400.

To view a piece of the high tech side of Morgantown, take a ride on WVU's computer-operated Personal Rapid Transit System, or PRT. A U.S. Department of Transportation research project operating since 1975, it provides daily transportation for students and residents, alike.

Most of Morgantown's downtown action resides on or near High Street. The past can be seen at the 1795 Old Stone House, a tiny structure on Chestnut Street, whose past included turns as a tavern, tannery, church and home, and now a craft and gift shop.

There are still Mediterranean arches and wrought iron balconies reminiscent of the region's 19th century ethnic ties. But, thoroughly modern tastes in music and food support a variety of pubs, bistros, interesting shops and bookstores. One of the newest attractions is the West Virginia Brewing Company, the state's only brewery pub, complete with atmosphere and one-of-a-kind brews.

## The Pioneer Spirit

Starting at the beginning in Mountaineer Country means a trip backward in time to the pioneer-era forts that recreate life in the earliest settlements in the region.

The original Prickett's Fort, just off I-79 in Fairmont in Marion County, was established in about 1754. Reconstructed according to family diaries on its actual site, this 18th century civilian fortress, which protected homesteading families from the wrath of displaced Native Americans, is now a state park.

Fort New Salem, west of Clarksburg on U.S. 50 in Harrison County, is a collection of authentic 18th and 19th century log build-

ings collected from around the region, several of them outfitted with their original glass and hardware fittings. Salem-Teikyo University offers Appalachian heritage arts classes at the Fort.

At Watters Smith State Park, an eighteenth century agrarian homestead in southern Harrison County, the trials and victories of early farm life are evident.

Frontier life unfolds during the outdoor drama at Prickett's Fort; on West Virginia University's campus, they're moving towards the future.

MISSING DOMINOES

In this game you use all 28 dominoes that are in a standard set. Each one has a different combination from 0-0, 0-1, 0-2, to 6-6. Domino halves with the same number of dots lie next to each other. To avoid confusion we have used an open circle to indicate a zero. Can you fill in the Missing Dominoes to complete the board? Solution on page 65

Codebreaker

Each group of five letters is a word in a simple substitution code. The same code is used throughout. The clue next to each group gives you one of the real letters. The ten clues give you the ten letters used to form all the words. Solution on page 62

FAMILIES: We stand for improved Welfare programs, emphasizing going to work and limiting benefits so people cannot abuse the system and make welfare a lifestyle.

EDUCATION: We feel that it is our duty to devote state funds to paying for college educations so more citizens can obtain jobs as well as improving the quality of the technology in our schools.

DIVERSE ECONOMY: We need to bring in different jobs so more of our citizens can get a job to suit their skills. Also, this would keep more of our best West Virginians at home to make our state great.

SALVATION: This involves saving and improving such established programs such as: social security, medicare, medicaid, and prison systems.
