WASHINGTON, DC

Greetings from Joe Manchin **United States Senator**

82nd American Legion Mountaineer Boys State

Year after year, I have watched countless young men become leaders in communities across West Virginia and beyond our great state's borders, and they have made us all very proud. I truly appreciate this year's participants for demonstrating their patriotism and dedication to building a successful future in West Virginia as well as in America's government and society.

Boys State is among the most respected educational programs of government instruction for our state's youth. I am so proud that our Boys State program, the second oldest charter in the nation, has been held at beautiful Jackson's Mill since 1936. Ours is the only program in the country that can claim that tradition. And that is really one of the things that make our state stand out from the rest of the country; the people of West Virginia are hardworking, loyal patriots who take great pride in keeping the history and values of our state alive. This program has always supported that tradition of excellence and of upholding the values we hold dear.

To our future leaders - You are the next generation of innovators and creators and we are counting on you to contribute to an even greater state and nation than we are today. I thank you for devoting your time to learning about our government and how you can make a difference in our country now and in the years ahead. To the many dedicated members of the American Legion who host Boys State every year, thank you for the important work that you do to teach our youth the values of "God and Country." I am forever devoted to my friends in the American Legion and to their noble cause.

With warmest regards,

A handwritten signature in blue ink that reads "Joe Manchin III".

Dear 2019 Mountaineer Boys State Participants,

It is both an honor and a privilege to welcome you to the 82nd American Legion Mountaineer Boys State. This week highlights the best and brightest young men that West Virginia has to offer, and fosters an environment where these promising youths analyze the issues affecting our great state today. Providing an opportunity, like this event, to educate our future leaders on our legislative and legal processes is vital to our future success.

Jackson's Mill highlights many of the wonderful aspects of our state and the beauty, tradition, and honor within our hills. I hope that you are able to both admire and appreciate the experiences and traditions that you will participate in this week, as many great West Virginians before you have done. This charter remains the second oldest in the country, bringing great pride and integrity to not only the community, but the entire state of West Virginia as well. The principles in which our state was founded on are truly alive in this place.

My father, former Governor Arch A. Moore Jr., considered Boys State essential to the mission of bringing up our youth with Appalachian values. The knowledge and skills gained from this program help participants obtain an appreciation for how truly fortunate we are to be West Virginians, and helps our future leaders boldly face the challenges of tomorrow.

The task of leadership begins and ends with service, and I believe that crucial value is instilled in the hearts of the young men here today. I wish you all well on your individual paths, as you pursue your passions in your respective fields. I truly hope that your time at Boys State is fantastic, full of fond memories and impactful experiences. It is an honor to serve you in the United States Senate.

Sincerely,

A handwritten signature in blue ink that reads "Shelley Moore Capito".

To the 2019 participants of The American Legion Mountaineer Boys State,

I want to congratulate you on the honor bestowed upon you in being chosen for the American Legion Mountaineer Boys State. You are the best and brightest in West Virginia, and now you have the opportunity to work together on many of the most pressing issues facing your community on the state and local level.

During the Mountaineer Boys State program, you will be exposed to all aspects of civic life; from the legislative process to the American judicial system. This week, you will all learn the rights and privileges that come with United States citizenship, as well as the responsibility each of you have to your hometowns, and our nation.

Participating in one of West Virginia's premier leadership courses for young men, you have the remarkable opportunity to grow and become the leaders of tomorrow. It is here where you will forge friendships and build relationships that will last for many years to come. In fact, it is often said that the American Legion Boys State program is "a week that shapes a lifetime." I hope that it will shape yours.

Congratulations and good luck!

COLLEGE CREDIT

To enhance your Boys State Leadership Academy experience, West Virginia University has partnered with the American Legion Mountaineer Boys State to offer you an exciting opportunity. By being selected and attending Boys State, you are eligible to enroll in a course designed specifically with you in mind. By enrolling in Leadership In Action before attending ALMBS, you will be exposed to the theory and application of leadership. This course is designed to help you develop a better understanding of your role as a community leader and start your journey in to higher education. This course will be considered an elective credit at WVU. WVU holds regional and many specialized accreditations.

SRVL 293 is designed as an introduction to community-based leadership. The purpose of this course is to provide American Legion Mountaineer Boys State Citizens with the tools to develop their purpose, practice civic leadership skills, and apply the knowledge to their local communities. To accomplish this task, we have divided the course in to 3 parts. Part 1 provides an academic background in academic community engagement, which is presented to students via journal article assignments and project-based research. This section will also include 10 hours of direct community service. Part 2 is the hands-on activities that occur during your week at camp. Through hands on learning each student in the class will reflect on camp projects with instructors. Part 3 is the application of the knowledge learned to benefit a community agency. The student will be assigned a community nonprofit to complete a direct or indirect service project (10 hours of service). At this juncture students should be able to critically achieve the intellectual integration and awareness needed to adapt to changes and challenges in their personal, social, and professional lives giving them the ability to be thoughtful leaders in a democratic society.

At the time of publication, West Virginia University was still working to finalize the details for this course. Please monitor the ALMBS website and social media platforms for further details. When they become available, we will share the process for participating in this opportunity.

TRANSPORTATION

All transportation to and from the American Legion Mountaineer Boys State ***must*** be furnished by parent(s) or sponsor(s).
