Welcome to the 2023 Mountaineer Boys State!

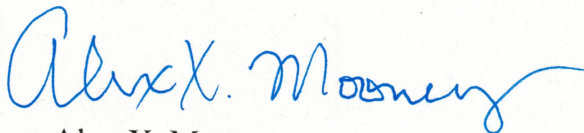

I must personally commend you on being selected to participate in West Virginia's premier educational program on leadership. Being selected for the 84th Annual Mountaineer Boys State is no easy feat, and you should take pride in the accomplishments that lead you to this point.

It is my pleasure to join the American Legion in welcoming you to this prestigious program. Your participation in this conference proves your dedication to engaging in public life and bettering your community. You will keep the experiences you gain here forever and apply the lessons you learn throughout your life and career.

This program is rich with decades of history, as many alumni of Boys State have gone on to serve as distinguished public servants. Keep their legacy in mind, but also be sure to carve your own path and challenge conventions. Innovation is imperative to excellent public service.

I look forward to seeing how you shape the future of West Virginia. The future is looking bright for all of you!

Sincerely,

Alex X. Mooney

Member of Congress
